PROFESSIONAL EXPERIENCE

Brototype, Calicut, India

MERN Stack Developer

February 2023 - Present

- Developed and maintained high-quality software solutions using the MERN stack.
- Collaborated with cross-functional teams to understand and implement client requirements.
- Participated in code reviews, ensuring adherence to SOLID principles and best practices.
- Implemented unit tests to maintain code quality and reliability.
- Deployed applications using cloud services and ensured smooth CI/CD pipeline integration.
- Mentored junior developers and conducted training sessions to facilitate knowledge sharing.

PROJECTS

Property Rental Website

November 2023 - January 2024

- Built a property rental platform using React for the frontend, Express for the backend, and MongoDB for the database.
- Designed and implemented a fully responsive user interface with Tailwind CSS.
- Enabled user registration and property listing, with an admin panel for oversight and management.
- Git Repo | Live Link

Footwear E-Commerce Website

August 2023 - October 2023

- Developed an e-commerce platform for footwear shopping using EJS templates, Node.js, Express.js, and MongoDB.
- Implemented user authentication, product browsing, and purchase functionalities with online and cash-on-delivery payment options.
- Ensured a seamless and responsive user experience across all devices.
- Git Repo | Live Link

Portfolio Website

August 2023 - October 2023

- Created a personal portfolio website using React and CSS.
- Showcased background, skills, and projects in a visually engaging and fully responsive layout.
- Included contact information to facilitate seamless communication.
- Git Repo | Live Link

EDUCATION

Bachelor in Commerce

MES KVM College, University of Calicut

July 2018 - April 2021

Higher Secondary Education Commerce Computer Application

GHSS Perassannur, HSE Kerala

July 2016 - March 2018

SUMMARY

A proactive and results-driven MERN Stack Developer with extensive experience in developing and maintaining robust web applications. Adept at working independently and collaboratively, with a strong emphasis on adhering to quality standards and meeting deadlines. Skilled in both frontend and backend development, with a comprehensive understanding of the MERN stack and cloud deployment. Committed to continuous learning and improvement, and dedicated to delivering high-quality code and excellent user experiences.
